AFFIRMATIVE EMPLOYMENT PROGRAM

It is Air Force Policy that personnel management be free from discrimination and provide equal opportunity for all applicants and employees regardless of their race, color, religion, age, sex, national origin, or disability. The Air Force Affirmative Employment Program (AEP) is designed to facilitate
opportunities for the employment and advancement of underrepresented groups
in the workforce. Towards that end, a formal plan identifies underrepresentation
of minorities and women and establishes objectives to eliminate the underrepresentation. The plan is available for review in the Civilian Personnel Office of Ms. Jan Taylor, Chief, Affirmative Employment, 36 N. Wolfe Ave, Edwards AFB CA. AFR 40-713, Equal Employment Opportunity (EEO) and Affirmative Employment Programs (AEP), may also be reviewed there.

Diversity Awareness Program Managers

Diversity Awareness Program Managers assist in administering portions of the Affirmative Employment Program pertaining to the unique and special concerns
associated with the employment and advancement of particular groups.
